BELT RAILWAY of CHICAGO BICENTENNIAL MP 15DC #534 EXCLUSIVE MEMBERS ONLY 2009 SPECIAL PURCHASE ORDER FORM

In 1974, the Belt Railway of Chicago placed its first order for two EMD MP15DC locomotives. Considered the successor of the road's successful SW1500, the MP15DC locos offered road-unit capabilities, and as such were equipped with multiple-unit controls. The locos were delivered in July of 1975 and #534 arrived from the factory in a bicentennial paint scheme based on the road's traditional black and gray attire. Of all the bicentennial units, BRC #534 is considered one of the most attractive. It is also one of the longest-lived, lasting over 20 years.
